

Al Jazeera Academy / أكاديمية الجزيرة

On Tuesday 17th April a selection of Year 5 and Year 9 students participated in the TIMMS field tests in preparation for the TIMMS 2019. This is the Trends in International Mathematics and Science Study which is an educational research project sponsored by the International Association for the Evaluation of Educational Achievement (IEA). TIMMS measures trends in student achievement in mathematics and science and studies differences in national education systems in almost 60 countries in order to help teaching and learning worldwide. We are proud to be involved in TIMMS and wish our students the best of luck.
